Silent Retreat

*Remember the old Buddhist monk who chuckled as he came down from hearing **Intro 15** the first time: "You Americans! Some of us spend 20 years trying to get here and your technology takes us there listening to one tape."*

Come Free Flow with your guidance, beauty and inner contemplation at Roberts Mountain Retreat where a Silent Weekend Retreat will be offered: **October 4-8, 2003**

The purpose of this retreat is to offer sanctuary to those in need of some quality, quiet time, using the Hemi-Sync technology with optional tape schedule, morning and evening group meditations, walking meditations and journaling. Massages will be available for an additional fee with Debbie Granger.

The silence ends late Sunday morning with a group debrief before lunch, making this a quick weekend getaway to replenish the Spirit and soothe the Soul.
